EXPERIENCE

Software Engineering Professional Development

QuickStart Inc.

📅 2024 📍 Remote

Gained hands-on experience in full-stack development, building scalable web applications using modern frameworks and Agile methodologies.

- Developed responsive web applications with HTML, CSS, JavaScript, React, and RESTful APIs.
- Created server-side solutions using Node.js, Express, and SQL for scalable, secure APIs.
- Applied algorithms, data structures, and OOP principles for efficient problem-solving.
- Delivered projects using Agile/Scrum, including a task management app and search-enabled website.
- Utilized Git, GitHub, and UML for version control and collaboration.

Full-Stack Scalable Application Development

QuickStart Inc.

📅 2024 📍 Remote

Developed scalable full-stack applications using JavaScript, React, Node.js, and Express, with secure APIs and CRUD functionality.

- Built scalable applications like a quiz app and task management system, incorporating secure APIs and efficient CRUD operations.
- Designed intuitive user interfaces with React and ensured secure authentication for personalized user experiences.
- Integrated dynamic search engine functionality for data retrieval and filtering.

Search-Optimized Web Application

Quickstart Inc.

📅 2024 📍 Remote

Built a search-enabled website combining front-end interactivity with back-end database handling for efficient content discovery.

- Developed a dynamic website featuring a fully functional search engine for data retrieval and filtering.
- Integrated front-end interactivity with back-end database handling to ensure seamless content discovery.

Responsive Business Website

Quickstart Inc.

📅 2024 📍 Remote

Created a responsive website for business showcase, ensuring optimal design and functionality.

- Built a business website using HTML, CSS, Bootstrap, and semantic HTML for structure.
- Implemented Git for version control and collaboration during development.

ADDITIONAL EXPERIENCE

Founder / CEO

Baj Enterprise LLC

📅 2022 - Present 📍 Fort Worth, Texas

- Spearheaded an e-commerce business by leveraging data analytics and market insights to optimize product listings and customer engagement, driving a 10% sales increase and managing a successful Amazon store.

Hospitality Professional

Evening Entertainment Group

📅 2016 - 2022 📍 Chicago, Illinois & Fort Worth, Texas

- Delivered exceptional service, helped boost sales by supporting events and building clientele, while mentoring new hires and exceeding sales targets.

SUMMARY

Detail-oriented full-stack developer skilled in JavaScript, React, Node.js, and Express, with a passion for crafting intuitive and scalable digital solutions. Eager to apply my technical expertise, creativity, and strong interpersonal skills to solve complex problems and contribute to a dynamic, forward-thinking development team.
